

## **Installation Technician**

**Leading Installation Company  
Employer of Choice  
Burswood, Perth, Western Australia Location**

Electronic Interiors WA is a custom installation and structured cabling company with 16 years of experience in Western Australia. With an impressive client list of new and existing, accompanied by the acquisition of many new high profile projects. We understand that our greatest resource is our People. We pride ourselves on being a market leader in targeted training and career development. We provide long-term career options within an equal opportunity workplace where we recognise the importance of flexibility and a healthy work-life balance. As a result of these increased work opportunities we are currently recruiting a talented installation technician to join our expanding team

### ***Key responsibilities:***

- **Audio Visual Installation**
- **Multitroom Audio**
- **Security Systems**
- **Lighting Control Systems**
- **Infra Red wireless technology, and video modulation**
- **Experience in Cbus lighting & Creston, automation and control systems advantageous but not essential**

The successful applicant will be a self-starter, accompanied by good time management, and have the ability to work autonomously and as part of a team, accompanied by superior communication and written skills. This is a great opportunity for you to develop your career whilst being part of a well established and growing organisation. If you are a proactive, results-driven individual with a background that shows a successful track record, underpinned by solid relationships and a strong work ethic then we would welcome your application.

A competitive salary package will be offered to the successful candidate based on skills and experience. All applications are treated in the strictest confidence. For a confidential discussion about this role please contact Tony Cummings directly on +61 8 9472 4800 or via email: [tony@einteriors.com.au](mailto:tony@einteriors.com.au).
